

### 2.7.1 Student Satisfaction Survey

The students are the most important stakeholders in any educational institution. DA.V. College of Education for women, Amritsar since its inception has been striving to provide the best learning environment to its students. Feedback regarding student satisfaction collected through the questionnaire on teaching-learning and evaluation aspects as well as on the infrastructural and personality related aspects which are filled by the students in the academic year. The students have given their experienced and genuine opinions on these aspects. The format of questionnaire which is used is very helpful to reaching the goal and to improve the level of performance of our institution. Students have given various suggestions for overall improvement of the institution. These are as follows:-

- Assignments should be given in the starting of the semester.
- Last date for submission of sessional work should be at least one month before the conduct of final exams.
- Timings of xerox facility in library should be increased.
